MINUTES

3/23/15 SITE COUNCIL MEETING

In attendance: Sharon Rush, Joan Pearson, Jocelyn Cruz-Mestizo, Karen Holly, Sharon White, Ray Aponte, Lauren Lewis, Mayra Leal, Samantha Bonaimi and Ira Jourdain.

Someone from our Equity group presented the details regarding the gender neutral restroom that will be opening the first week after Spring break. It is currently the 2nd floor female restroom by the media center. There has only been one gender neutral restroom available up to this point and that's been in the nurse's office.

The budget was received late morning of March 17th (was originally due March 6th). Administration has been putting together ideas to better serve the student population. It appears we will be going with a 7-period day since funding was received to accomplish that. The ideas presented to the Site Council will also be presented to staff at their regular Tuesday morning staff meeting. The goal is to work out a 7-period day that will allow students more electives and support, and Ray is hoping to get 4 lunch periods to help ease congestion during that time.

Space will be an issue.
