Emerging Educators (please check box if interested)
I want to take classes that make me eligible for Emerging Educators, the South High/MCTC partnership towards an Associates Degree. I realize that this may limit my class choices.

I understand that this registration is final, as this data will be used to schedule classes and hire/assign teachers for next year. I studied the Curriculum Guide with my parent/guardian and received their approval for my course requests. I understand the graduation requirements and am choosing classes to help fulfill these requirements.
