Work Quietly on My Own:	22.9%	(1238/5402)
Tutoring:	19.4%	(1047/5402)

The Graphs:

Visits Per Week (Qtr: 1) (Can you find the week of Teacher convention?)

Visits per week (Qtr: 2) (Find Thanksgiving and Winter Break.)

Take Aways:

- The Math Center is more than twice as busy as last year.
- At the start of each quarter the numbers of visitors are low but grow as finals draw near, the numbers shoot up.
- Our numbers are up for many reasons:
 - Open 8 periods this year. (6 last year)
 - Study Halls
 - Student Tutors and Aides
 - Catchy Phrases Like:
 - "Hot knowledge served up daily!"
 - "Welcome to the Math Center where all your math dreams might come true!"
 - "Welcome to the Math Center, where we are centered on math and sent to solve problems."
 - The Math Center is home to the best pencil sharpener at South.
 - More teachers are willing to allow students to drop in during their classes due to a more transparent reporting system, (e-mails)
 - The quality teachers and student tutors that work in the Math Center.
- Students across every subgroup of the student body use the Math Center.
