WAYS COUNSELORS HELP

South High Counselors help students to be successful in school and in life.

Counselors just help with class schedules?

Think again!

Academic Support and Planning for Graduation

Counselors help you make your plan for graduating on time, including getting help if you need it and making up credits.

Learning about Yourself and Options for your Future

There are so many choices after high school... Counselors help you make good choices that fit your goals.

Support for Personal and Social Concerns that Affect Academic Success

Sometimes "life happens." When life gets in the way of you being able to feel good about school, talk with us and we will help you navigate.

What's on your mind?

HOW DO I SEE MY COUNSELOR?

Counselors are available by appointments for most concerns. See a clerk in either counseling suite to schedule your appointment.

Family and team meetings with teachers and staff may be scheduled after school. Individual student appointments are scheduled during the school day.

Use a pass...

Students, except in emergencies, need to have a pass to come to the counseling office. Otherwise, to schedule an appointment you should come at passing time or before or after school.

If you have a crisis or emergency, let the clerk know and we will find a way to see you immediately.
