

PROJECT LEAD THE WAY

PLTW

SOUTH

HIGH SCHOOL

BEGIN YOUR FUTURE WITH SOUTH HIGH AND PROJECT LEAD THE WAY!

PLTW is a national nonprofit organization that partners with middle and high schools to implement a curriculum that emphasizes hands-on experiences in Science, Technology, Engineering, and Mathematics (STEM) in an effort to prepare students for academic and professional success in these and many other disciplines.

- Do you enjoy designing?
- Do you want to get started on college now, even as a freshmen?
- Do you see yourself being successful in a high-tech world?
- Do you want to do something different?
- Do you want to make a difference in this ever-changing environment?

Enroll in a Project Lead the Way course and start earning college credit from the University of Minnesota and others.

Check out: www.pltw.org

South offers 6 PLTW courses
